

# Hose Reels | Enclosed Hose Reels

## Enclosed Hose Reels

All steel enclosed cabinet hose reels improve the appearance of any shop. Standard color is black and six special colors are available to match workbenches, and automotive lifts.

- All steel cabinets have high quality, powder coated finish providing corrosion resistance
- Smooth and easy operation pulling from any angle prevents hose pinch and reduces wear. Sturdy metal constructed guide.
- Strong, rigid steel mounting structure
- Balcrank exclusive metal end panels
- Enclosed cabinets include:
  - Inlet hoses and hose stops, for quick and easy installation
  - Two metal side panels
  - End panels and mounting Accessories must be purchased separately

## Custom Reels

CUSTOM and SPECIAL color painted reels can add style to an installation and match OEM color schemes.

Custom colors are available on all Classic open and enclosed reels. Balcrank's STANDARD paint color for reels is semi-gloss black.

SPECIAL colors are available in: yellow, white, blue, silver, red, green, and textured black. All SPECIAL color reel orders require a minimum 2-week lead time.

CUSTOM colors are also available on open and enclosed Classic reels. Balcrank can match CUSTOM colors based on specifications supplied by the customer. All CUSTOM colors require a minimum 6-week lead time. Additional fees may apply.

Semi-Gloss	Silver	Green	Red	Blue	Yellow	Texture	White
